EDUCATION

Bachelor's Degree in Computer Science Laurentian University

09/2018 - 05/2022

Greater Sudbury, ON

Relevant Experience:

- "Using Environmental Sensor Based Modelling for Detecting and Fighting Wildfires"

WORK EXPERIENCE

Pro Shop Assistant / Starter Golf Sudbury

04/2017 - Present

Val Caron, Ontario

Monte Vista is one of the five courses owned and operated by Golf Sudbury.

Position:

- 2019-2022 - Pro Shop Assistant: Serving customers, offering customer service, handling cash, selling alcohol & food, golf balls, golf tees, and other golf-related products in Monte Vista's pro shop. Odd jobs (inventory, restocking, price tagging)
- 2017-2021 - Back Shop Assistant: Cleaning and disinfecting electric golf carts, picking up and sorting garbage from cans/bottles, keeping track of broken carts, going for a "dead cart-run".
- 2020-2022 - Starter: Serving customers golf carts, keeping the pace of play to a manageable speed, staying up-to-date with the pro shop and the tee sheet, cleaning the premises of garbage, interacting and offering golf supplies to regulars. Most of my shifts as a starter were irregularly scheduled, as often I was filling in for other coworkers.

Customer Service Representative / Bingo Caller

Delta Bingo & Gaming

08/2018 - 03/2019

Val Caron, Ontario

Delta Bingo & Gaming operates over 20 locations across North America. From October 2018 to March 2019, I worked at the Val Caron location.

Position:

- Bingo MC/Caller: Leading bingo sessions by calling randomly drawn numbers into a microphone in front of a crowd and keeping score of wins/false alarms, while also promoting marketing materials, and daily events. Most shifts lasted 8 hours, with the standard session being 2 short 30-minute rounds and a standard one-hour round.
- Customer Service Representative: To learn the rules of Bingo and the cards, new employees are required to train as a CSR where they sell cards on the floor or via a point-of-sale. After learning the ropes, I trained as a bingo caller.

PERSONAL PROJECTS

High Noon (01/2021 - 04/2021)

- Created a 3D game in Unity using C# for a game design course. It is a very simple game that I used to test the features of Unity and implement some of the skills I gained in my course. "High Noon" is playable in the browser at <https://nickwar42.github.io/game.html>

TECHNICAL SKILLS
