Summary

Hello! My name is Nicholas Warena. I was born and reside in Sudbury, Ontario, and have a Bachelor of Computer Science from Laurentian University. I believe the following may provide some insight into why I may be a valuable asset to your company:

- I am extremely motivated to work towards goals that I believe are worthwhile, and I am sure that by applying my knowledge of the field and utilizing gained skills, I may provide solutions that are useful and easy/inexpensive to maintain.

- I have skills in OOP (Java, C++), web design (HTML, CSS, a bit of JS), game design (Unity, C#, git), and a desire to learn more about the tech that powers our lives.

- I recently graduated in June of 2022, so if you are looking for a passionate employee, please use one of the listed methods to get in contact with me!

Thank you for your consideration, and I look forward to bringing my skills and positive hardworking attitude to your project(s)!

Experience

Sous Chef / Pro Shop Assistant / Back Shop Assistant / Starter

Golf Sudbury

Apr 2017 - Present (5 years 2 months +)

I started building skills seasonally at the Monte Vista Golf Club, working every summer and two winters from 2017 to 2021. My duties were as follows:

2017-2018 - Sous Chef: Assisting other coworkers and a head chef in a kitchen, producing many pub-style foods, such as pizzas, wings, fries, appetizers, and formal meals for special events. Working hard as a subordinate definitely helped develop my work ethic, and eventually, I was hired the following year to a more advanced position.

2019-2021 - Pro Shop Assistant: Serving customers, offering customer service, handling cash, selling alcohol & food, golf balls, golf tees, and other golf-related products in Monte Vista's pro shop. Odd jobs (inventory, restocking, price tagging)

2020-2021 - Back Shop Assistant: Cleaning and disinfecting electric golf carts, picking up and sorting garbage from cans/bottles, keeping track of broken carts, going for a "dead cart-run". Providing assistance to golfers whenever possible, including placing bags on carts when the pace of play is slower.

2020-2021 - Starter: Serving customers golf carts, keeping the pace of play to a manageable speed, staying up-to-date with the pro shop and the tee sheet, cleaning the premises of garbage, interacting

and offering golf supplies to regulars. Most of my shifts as a starter were irregularly scheduled, as often I was filling in for other coworkers.

Customer Service Representative / Bingo Caller

Delta Bingo & Gaming

Oct 2018 - Mar 2019 (6 months)

Customer Service Representative: To learn the rules of Bingo and the cards, new employees are required to train as a CSR where they sell cards on the floor or via a point-of-sale. After learning the ropes, I trained as a bingo caller.

Bingo MC/Caller: Leading bingo sessions by calling randomly drawn numbers into a microphone in front of a crowd and keeping score of wins/false alarms, while also promoting marketing materials, and daily events. Most shifts lasted 8 hours, with the standard session being 2 short rounds (30 mins) and a standard round (one hour).

Education

Laurentian University/Université Laurentienne

BCosc, Computer Science

2018 - 2022
